The Honorable John L. McClellan
Chairman, Committee on Appropriations
United States Senate
Washington, D.C. 20510

Dear Chairman McClellan:

I am enclosing for your information a copy of the final version of the Objectives for the Intelligence Community for Fiscal Year 1975, which I submitted to the President on June 18, 1974.

The first part I have termed "Substantive Objectives." They will be used as the base for developing more detailed Key Intelligence Questions which I will issue to the Intelligence Community. The second section is called "Resource Management Objectives," and deals with the interaction of the members of the Intelligence Community and the allocation of resources to and among them. Milestones have been established to measure and evaluate our progress toward satisfying these Objectives and provide an output orientation to our resources reviews.

It is my hope that these Objectives will be of considerable help in improving the responsiveness of the Intelligence Community to the needs of the President, the National Security Council, and the Congress. I would be pleased to discuss them further with you and the Subcommittee at your convenience.

Sincerely,

W. E. Colby
